DEATH CLAIMS JAMES CARDINAL GIBBONS

STILLMAN DOUBLE DIVORCE ACTION IS INTENSIFIED

Mrs. Stillman Is in New York
to Take Personal Charge
of the Case

(By International News Service)
NEW YORK, March 24.—Interest in the now famous Stillman double divorce action was intensified today when it was reported Mrs. Stillman had come to New York and taken personal charge of her case against her husband, James A. Stillman, president of the National City Bank. All hopes on the part of friends that the sensational charges and counter-charges might be kept secret or dropped were blasted through the accusation in opened court at White Plains by Mr. Stillman's attorneys that Mrs. Stillman, "a gentlewoman, took as her lover an Indian guide," and that Guy, her youngest son, was not the legitimate issue of her marriage with Stillman.

Mrs. Stillman immediately retaliated by filing with Justice Morschauser an amended answer to her husband's suit. In it she has submitted six affidavits, detailing specific instances of alleged intimacy between her husband and Florence Lawlor, a former chorus girl, more frequently referred to in the Stillman divorce case as Mrs. Florence H. Leeds.

Most sensational among the fresh charges brought by Delancy Nicoll, chief counsel for the banker, was the assertion that Mrs. Stillman, "in a moment of hysteria had confessed her guilt." Shortly before little Guy was born, it is charged, Mrs. Stillman wrote a letter to her husband which the latter's attorneys profess to interpret as a confession of criminal intimacy between her and the Indian guide.

Mrs. Stillman flatly denies that she ever wrote such a confession. Mrs. Stillman, in her counter-accusing answer, made categorical denial of all old and new charges and declared solemnly under oath that she had had no improper relations with anyone at any time.

Hints were made by Mrs. Stillman's attorneys that other women will be named in addition to Mrs. Leeds as having had improper relations with her husband.

PROMINENT MAN LOCATES IN GLENDALE

Glendale seems to be the mecca for the big eastern business man, who has accumulated enough of this world's goods to retire without being forced to devote all his time to business. Glendale, has recently acquired one of these men in J. C. Person of Philadelphia, Pa.

Mr. Person is president of the Luriko Company of Philadelphia, which manufactures a product that is said to be a great boon to the automobilist. Mr. Person is demonstrating this product in the show window of the Monarch Auto Supply Company at 121 South Brand. Experts declare "Luriko" to be a great winner.

EASTER MUSIC TO BE REPEATED

The beautiful program of Easter music arranged by Miss Isabel Isgrig and sung by members of Chapter L., at their meeting at the home of Mrs. David Gregg, Wednesday, is to be repeated at Thornycroft by the singers, Miss Isabel Isgrig, Miss Margaret Lusby, Miss Ruth Byram, Mesdames Frank Weller, Nell Maxwell, Seymour Smith, and Miss Dorothy Peart, and their accompanist, Mrs. H. W. Randall. It is a beautiful way in which to remember the disabled soldiers who need plenty of hope and cheer. Miss Lois Murphy will accompany the singer and play several violin numbers, including Gounod's "Ave Maria."

BERGDOLL CASE IN LEGISLATURE

(By International News Service)
SACRAMENTO, March 24.—The California legislature was preparing today to interest itself in the case of Frank Zimmer and Carl Neaf, now under arrest in Germany for attempting to capture Grover Cleveland Bergdoll, as part of the general movement undertaken by the ninety-first division to secure the release of the two American soldiers, William S. Scott, of San Francisco, chairman of the military affairs committee of the senate, and William O. Hart, of Orange, chairman of the soldiers and sailors committee of the assembly, have been asked by friends who fought with Zimmer in the Argonne, to introduce a concurrent resolution calling upon President Warren G. Harding to intercede in behalf of the men.

Several posts of the American Legion have already responded to the appeal of Zimmer's friends and more are expected to follow suit.

In Los Angeles there is a subscription campaign under way for the purpose of raising funds for Zimmer's defense.

LATE TELEGRAPH NEWS IN BRIEF

POLISH REPUBLIC DOUBTED
(By International News Service)
WASHINGTON, March 24.—The report from London that armed police forces have entered Silesian territory and proclaimed a Polish republic, were discredited at the Polish legation here today.

SAXONY UNDER MARTIAL LAW
BERLIN, Germany, March 24.—President Ebert of Germany, today declared Saxony in a state of martial law as a result of communistic riots.

ANOTHER CLASH IN IRELAND
BELFAST, Ire., March 24.—Several policemen were wounded in an outbreak in fighting between Unionists and Republicans here today.

COMMUNISTS OUT AT HAMBURG
LONDON, March 24.—Communists at Hamburg have been ejected from all the industrial property they seized yesterday except one shipyard where they are besieged by the police, says a dispatch from Berlin received this afternoon.

CONFERS WITH DEBS
WASHINGTON, March 24.—Eugene V. Debs, Socialist leader, now serving a sentence at the Atlanta penitentiary, conferred for more than two hours here this afternoon with Attorney General Daugherty. Debs came to Washington without a guard at the request of Mr. Daugherty. The attorney general sent for Debs in order that he might talk with him personally concerning his case and the petitions which have been made for his release. Debs returned to Atlanta without a guard.

BERGDOLL MAY BE EXTRADITED
WASHINGTON, March 24.—Great Britain may be asked to take steps to secure the apprehension and return of Grover C. Bergdoll, American draft evader and slacker, now in Germany, it was intimated here today. Secretary of War Weeks stated today that Bergdoll had admitted violating British passports in fleeing from Canada to Germany, and he intimated that this nation may seek to have Great Britain extradite Bergdoll from Germany.

**GRACE ANNA JACKSON
IS SERIOUSLY ILL**

Little Grace Anna Jackson, daughter of Mr. and Mrs. D. Ripley Jackson, is quite critically ill. She came down with measles which has since complicated with tonsillitis and mastoid trouble has developed which may necessitate an ear operation. Specialists were called in consultation Wednesday, and hope the operation may be avoided, but the child is a great sufferer.

**EASTER OFFERING IN
COLUMBIA RECORDS**

The Glendale Phonograph & Piano Company has its special Easter offering in Columbia Records put up in a special gift envelope. Included in the list are such selections as Handel's "Largo," "The Lost Chord," "Stabat Mater," "Dawn of Hope," and many others.

TED PEIRCE DID SIT STILL ONCE

Far Eastern Trade Paper Pays
Fine Tribute to "Breezy
Westerner"

The "Security Salesman," a little trade paper published in far-off Avenel, New Jersey, pays a high compliment in a recent issue to a well-known Glendale citizen, Theodore F. Peirce of 317 Vine, accompanying it with a fine half-tone cut of him under which is the notation "The Only Time Ted Peirce Sat Still." Following is what the "Security Salesman" says of Mr. Peirce:

"Standing six feet two at the head of the company is that genial fellow—Theodore Fiske Peirce. Ted Peirce as everyone knows him, is that handsome fellow whose picture is shown on this page. He is managing-director of the Pacific Desk Company and one of the live wires of his city and state. He has a way of developing business and picking the best bets for goods to sell, location of showrooms, merchandising, picking of salesmen, advertising and sales promotion that is seldom found anywhere—and with it all goes a happy-go-lucky spirit that carries him into the good graces of everyone who meets him. The cold easterner might say he was a typical 'breezy' westerner. As a matter of fact, it was only a few years ago that Ted Peirce gave up his business in Boston, which had been his life-long home, to seize his opportunities in the west. Peirce knows how to buy and he knows how to sell."

RECIPROCITY DAY AT THE WA WAN CLUB

Wednesday was Reciprocity Day at the Wa Wan Club of Los Angeles. It was a Helen Hunt Jackson day and guests were beautifully entertained at the Ambassador Hotel. Mr. Curtis, the authority on Indian life, was the speaker. Mrs. Ralph Meeker, who is a member of the club, took as guests her daughter Mildred, Mrs. Herman West and Mrs. J. M. Baker of Los Angeles. Mrs. H. B. Howeth and other ladies were there as representatives of the Tuesday Afternoon Club of this city.

FORMER GLENDALE PASTOR PASSES AWAY

Funeral services for Rev. Rollins, who passed away at his home at Redlands Tuesday, will be conducted from the Baptist Church in this city, Saturday, at 2:30 o'clock.

Rev. Eugene Haines, former pastor of this church, will officiate.

Rev. Rollins was one of the originators of the Baptist Church in Glendale and helped in the purchase of the lot on which the church now stands. He is the father of Mrs. H. H. Martin, formerly of this city, but who now resides in Los Angeles.

PUBLIC SERVICE DEPARTMENT NEWS

Charles Kausen is moving from 225 Burchett to 423 Patterson; H. F. Boschult from 128 South Louise to 144 Eagle; Thos. Welsh from 567 to 415 Oak, into the house just completed; H. McDonald from 1221 to 1213 East Colorado; L. B. Beach to 1227 North Brand.

New houses approaching completion are those of W. E. Pelley, 730 Raleigh; Henry M. Hunt, 606 West California; A. J. Knox, 914 North Central; W. Hunsfelt, 537 Pioneer; T. B. Sanders, 623 West Broadway.

FIRE LADDIES DO EFFECTIVE WORK

The city fire department was called to the two-story apartment house at 216½ Hawthorne street about 10 o'clock this morning, where an overheated water tank in the attic had set fire to the woodwork.

The fire was extinguished with practically no damage to the premises, which are occupied by Mrs. N. C. East. The building belongs to H. L. Miller, real estate man of 109 South Brand boulevard.

CHURCH NIGHT AT CENTRAL CHRISTIAN

An Evening of Fellowship and
Service—Coming Events
in Church Activity

The regular "church night" at the Central Christian Church last evening was well patronized and the menu provided by the young married ladies of the church was greatly enjoyed. There was a fine attendance at the Bible study following the supper and the first letter to the Thessalonians was considered. This proved intensely interesting, especially when Paul's visit to Thessalonica in the interests of the gospel of peace was contrasted with the attempted visit of the entente forces 1900 years later to the same city, now called Saloniki, in the prosecution of the awful world war.

A beautiful prayer service of half an hour followed, in which earnest petitions for the great Easter campaign now being conducted to culminate next Sunday morning in "Decision Day," the week of prayer being observed by the ladies of the Missionary Society; the visit of Willard Learned, Sunday school superintendent, to Santa Maria next Sunday to preach for the church there; and the coming campaign of evangelism to be conducted by Rev. Cole for the University Church, Los Angeles, were made.

This meeting at University Church is to last two weeks and begins next Monday. This church, through its pastor, Rev. H. C. Kendrick, asked for the loan of Rev. Cole to assist in the work and the official board of the Glendale church voted unanimously to grant the request, and, moreover, began at once to plan to take down a delegation of 50 or more members of the church the first night of the meeting, and other delegations from time to time, while some of the choir members freely offered their services in aid of the singing.

VICE PRESIDENTS OF GLENDALE W. C. T. U.

Members of the Glendale W. C. T. U., who have had such a successful year and raised over \$800 for the Prohibition Campaign fund, are anxious no mistake should be made in regard to the vice presidents elected at their last meeting. The list is as follows: Mrs. I. A. Ford, Adventist; Mrs. Catherine Rowe, Baptist; Mrs. Inez Sipple, Congregationalist; Mrs. T. L. Brown, First Methodist; Mrs. C. M. Bacon, Christian; Mrs. J. E. Colvin, Presbyterian; Mrs. Alfred Cookman, West Glendale Methodist.

The illuminated cross on Eagle Rock is a beautiful advertisement of the service to be held next Sunday morning there at 5:47 o'clock, when fine music will be heard and Frederick Warde will read.

MRS. HENRY H. MARTIN LOSES HER FATHER

Friends of Mrs. H. H. Martin, a former resident of Glendale, now living in Los Angeles, will sympathize with her in the bereavement she has suffered in the loss of her father whose funeral services will be held in this city Saturday afternoon at the Baptist church at 2:30 o'clock. He had been in ill health for some time and had spent several weeks with his daughter, but left her a short time ago to return to his ranch home near Riverside. Heart trouble was said to be the cause of death.

LUNCH AND BUFFET FOR SOUTH GLENDALE

Mrs. J. A. Haritt of Lancaster, Eng., a late arrival in South Glendale, purchased the soda fountain and confectionery store at 1415 South Fernando road and after making many changes in the place has opened up an up-to-date restaurant, soda fountain and confectionery business. The place has been redecorated and pullman booths put in along one side. Altogether a most attractive innovation has been made.

Archbishop of Baltimore, Leading Catholic Prelate

Died at 11:30 o'Clock This Morning in the
Eighty-Seventh Year
of His Age

DEATH EXPECTED SINCE YESTERDAY

Altars Will Remain Decorated With Flowers
During the Week, But Churches Can-
not Be Draped in Mourning

BALTIMORE, March 24.—James Cardinal Gibbons, archbishop of Baltimore and one of the leading Roman Catholic prelates of the whole world, died at the archiepiscopal residence here at 11:30 o'clock in the 87th year of his age. The venerable prelate's death had been expected since yesterday afternoon, when he lapsed into a state of coma, from which he did not rally up to the time of his death.

The death of the cardinal was due to a general breakdown which had been superinduced by a heavy cold and which became pronounced while the prelate was delivering a sermon December 21st last.

The Holy Week services will continue uninterrupted. Easter services will be elaborately celebrated in all Catholic churches as usual, the only difference being the lack of a pontifical mass at the cathedral. The altars will remain decorated with flowers throughout the week and the churches cannot be draped in mourning as is customary upon the death of a pastor or prelate.

This year, for the first time in half a century, Cardinal Gibbons was absent from the Tenebrae services at the cathedral. It had been his cus-

MRS. H. GREENWALT SECTION CURATOR

As a mark of loving appreciation for her untiring efforts toward the success of the play given by the parliamentary law section of the Tuesday Afternoon Club on Reciprocity Day, members of the section presented their curator, Mrs. Harry Greenwalt, with a beautiful bouquet.

The "trustees" of the "Hopeville board" gathered about the "mayor" as she was leaving the council chamber, while Trustee Stuart (Mrs. J. T. Crampton) presented the floral tribute with the following speech:

"Madam Mayor: Allow me, on behalf of the trustees of the Hopeville board, to present to you these blossoms as a small token of our esteem. The beauties of these flowers symbolize the beauty of your character; their brightness signifies the light that shines through your influence; their fragrance typifies the good deeds you have done and always will do in the service of mankind. These flowers will perish but your good deeds will live on."

Mrs. Greenwalt responded in appropriate, happy vein.

The great success of the play was due to the effective, persistent hard work of each and every member taking part in it. The keen, scientific parliamentary law drill was the work of the curator, Mrs. Greenwalt.

"Every member of the cast deserves great credit for the work and time expended on the play," said Miss Eva Daniels this morning. "Without the splendid work and capable direction of our curator, Mrs. Greenwalt, however, the affair would not have been the great success which it was. It was in recognition of this fact that we presented her with the flowers."

CAPT. THOS. D. WATSON HOLDS DRILL TONIGHT

Major Vestal is in San Francisco on a ten-day vacation. He will therefore not be able to give members of the Glendale infantry company, National Guard, instruction in nomenclature of rifle and sighting. The regular drill, led by Captain Watson, will be held as usual on the high school field.

MANILA AS FUTURE SHIPPING CENTER

BY HARRY L. ROGERS
International News Service Staff
Correspondent

WASHINGTON, March 24.—The attention of Major General Leonard Wood is expected to be called upon his arrival in the Philippines to the possibilities of Manila as the future center of the shipping interests of the Pacific. Plans already have been worked out by the United States shipping board and other American shipping interests, it was learned today, for making Manila one of the greatest ports of call in the world and the success or failure of these plans may depend to a great degree upon the report to be rendered by General Wood and Governor W. Cameron Forbes, second member of the commission.

EGG PRICES ARE AT VERY LOWEST

Eggs are lower right now than for eight years past, the wholesale price for extra selects being quoted at 28 cents and case count at 26 cents. Considering the price of feed these are very low quotations for eggs. In 1909 the price declined to 16 cents for one day only, but for several weeks it was under 20 cents.

EASTER SERVICE AT HEAD OF LOUISE ST.

Much interest is manifested in the Easter Sunrise service to be held at 5:45 Sunday morning on the hilltop at the head of Louise street.

Solos by two well-known Glendale favorites will be one of the enjoyable features. Miss Elizabeth Mottern will sing "Jerusalem," by Ira Wilson and Dr. Joseph Marple, Granier's "Hosanna." There will also be instrumental music.

Paul Brown, State Christian Endeavor president, will give an inspiring talk. Everyone is cordially invited to attend this service.

HIGH SCHOOL GIRLS PENCIL EYEBROWS

(By International News Service)

DETROIT, March 24.—Three hundred Detroit mothers have opened war on immorality among high school students.

Assembled in Northwestern high school the mothers declared their intention of fighting "booze party dances" and like entertainments to a finish.

The meeting was called by Byron T. Rivett, principal of Northwestern high, following charges by Principal Edwin L. Miller, of Northern high, that some dances carried on by the pupils after school hours were immoral and that high school boys drank liquor at them.

And the mothers came. Foreign speaking mothers, frankly startled by the difficulties they are experiencing in rearing their children in a strange land; American mothers wholly unprepared for the information regarding their sons and daughters gained from the classroom, and others recognizing their problems, but not knowing exactly how to meet them.

Pleading for the return of the old-fashioned mothers—whom the daughters of today might call "cranks," Miss Sadie M. Alley, grade principal at Northwestern high school, told the gathering a few of the things that some of the girls at the school were doing.

"1. Wearing fancy garters so that they will show."

"2. Rolling their stockings below the knee, a style also discernible to all."

"3. Appear in school differently dressed than when they leave home. A few safety pins transform a dress into any length desired."

"4. Use powder rags openly."

"5. Pencil eyebrows and lashes with ink and fountain pens."

It's Come to This
Without question the mothers declared drastic action to be vital and adopted resolutions favoring corrective measures, including:

1. Putting all high school students to bed at 9 o'clock every night except Friday and Saturday.

2. Spanking them to bed if no other method will get them there at that time.

3. Adopting uniforms for all high school students.

4. Putting a stop to all dances save those sponsored by the high schools.

5. Chaperoning of all high school dances by some of the parents of students taking part.

For two hours the mothers listened to facts regarding their children's welfare from the grade principals. Mothers and teachers discussed their problems relating to dress, recreation and rest to the subject of sex hygiene. A mother's circle was organized to meet monthly in order to keep tab on the "goings on" of their offspring.

"Our girls are the finest in the world, but the trend of the times, I suppose, since the war, is peculiar and the girls need directing," said Miss Alley. "You do not want your daughters to occasion such remarks as come to us from the men in charge of the school corridors: 'Why don't you tell your grade girls how to behave around boys at the recess hour?'"

"Everything has become free and easy since the war, and it is shown in the young people's conduct."

Too Much Make-Up

"May we ask you to please see that 'make-up' cases are left at home if you permit their use. We have had to consider taking the looking glasses out of the lockers because of the primping. Two girls today were sent out of the room to wash their faces."

Miss Alley went on to tell the mothers that there were dance halls downtown where corsets and petticoats were quite out of style, checking facilities being offered for the articles in some; the "No corsets checked" sign up in others.

"If your boys or girls go to dancing school see that it is an accredited one. The parties given by Greek letter societies in the downtown hotels, often poorly chaperoned, and where 'robber dances' are the vogue have placed some of the girls in this school in a very embarrassing position."

Miss Alley urged that mothers keep their children home four nights in the week and see that they are not disturbed by friends "dropping in" on them.

Need More Sleep

"The next generation will be known for its nervous, high strung women unless the girls get more rest," she said.

"Every girl in this school needs nine hours' sleep. Edison 'gets by' with six, but these girls are not Edisons. And these girls need vigorous exercise to keep growing, and that should not consist of riding down on the street cars in the morning."

It was decided at the meeting that steps would be taken to bring on some such authority as Dr. Mabel Ulrich of Minneapolis, or Dr. Miriam Parker of New York, to present correctly the subject of sex hygiene.

But let the girls have their inping.

Two of them, interviewed at the school, were unanimous on two points: "1. We will not wear uniforms. They give no chance for a girl's personality."

"2. Everything is extreme nowadays. We don't claim to be angels, but we do claim we are not as black as we have been painted. Extreme styles in dancing and dress are prevalent in the so-called best society, and among our elders; so why pick on us, if we follow our elders?"

BURBANK'S CHAMBER OF COMMERCE FIGHT

Burbank appears to be having trouble in trying to emulate the example of Glendale in its reorganization of a chamber of commerce. A hint of it was given by C. W. Fisher at the chamber of commerce forum in Glendale last week and since that time it appears to have increased rather than subsided. The division of sentiment was on the question of employing professional campaign managers. The party opposed to spending money on an organized drive invited the profession; campaign managers to leave, and the party supporting the drive were equally insistent that they should stay. Members of the woman's club who had agreed to serve lunches during the drive, withdrew from the project because of the fight.

B. W. Hoskins, representative of the American City Bureau, which was to conduct the drive on a percentage basis, is confident it will succeed notwithstanding the opposition of citizens who object to the importation of outsiders to manage what they conceive to be a Burbank affair. The chamber of commerce directorate is divided on the proposition and how it will end no one seems to know.

SEARCHING FOR THREE TRAIN BANDITS

(By International News Service)
MUSKOGEE, Okla., March 24.—Police and railroad detectives are today searching for bandits who held up and robbed the Missouri, Kansas and Texas special, 30 miles south of McAlester, late last night. The bandits, three in number, boarded the train at Denison, Tex. They proceeded through the coaches, robbing the passengers of their jewelry and cash. They obtained loot valued at \$3000. Authorities said that the bandits dropped from the train just before reaching McAlester and disappeared into the woods.

Railroad officials have secured bloodhounds from the state penitentiary and are hunting the bandits.

HORSESHOE CLUB MOVES ONCE MORE

Walt Nicoles is as busy as a tramp these days, supervising the moving of the Horseshoe Club's grounds to the new location on North Maryland, between Broadway and Wilson, where they have leased a tract for a term of years. They were ousted from their original stamping grounds on South Maryland a year or more ago by the march of building progress, and had hardly gotten well settled on the corner of Orange and Broadway until grim necessity in the shape of the grounds being needed for the erection of a business building, made another move necessary.

THE GRAND VIEW SECTION BOOMING

More Than 30 Acres Will Be Subdivided Into Beautiful Residence Lots

W. L. Truitt, of 317 W. Doran, recently bought 20 acres in the Grand View section, extending along the east side of Vine avenue between Sixth and Eighth, joining the Learned holdings on the west, and will subdivide it into lots.

Eighth street will be opened up through the district as a prolongation of Kenneth Road, and Vine Avenue will be hard surfaced, in time.

A high-class residence suburb will be opened up in this beautiful section of the city. Messrs. Eshelman and Learned, close neighbors of Mr. Truitt, have their plans laid for a similar action, so it will not be long till Grand View will come into its own as a residence and manufacturing district.

MRS. MORRIS COOK ENTERTAINS FRIENDS

Mrs. Morris Cook of 219 East Euallia street has been enjoying the great pleasure during the past two months of entertaining her mother, Mrs. Walter Gannon, her sister-in-law, Mrs. William Oliver, and two children, who came out from the east, to try a winter in Southern California. They have visited San Diego and many other interesting and scenic places and they and their hostess have had a royal good time while doing it. Mrs. Gannon came out for the improvement of her health and has so far realized her desire that she is fairly blooming now. The party will return to the east in about a month.

Throughout the world two persons die every second.

HUNT MISSING LINK IN ASIA? TRY CHICAGO FIRST, SAYS VOLIVA

(By International News Service)

ZION CITY, Ill., March 24.—Why go to Asia for the missing link? There's one in Chicago, and Wilbur Glenn Voliva, general overseer of Zion, could find him before sundown if he so willed. At least, that's what Wilbur says.

"We read that they have sent an expedition to Asia hunting for the missing link," says the leader of Zion. "I could find one in Chicago before sundown. What infernal fools people are! I didn't come from a monkey, and I don't look like a monkey, either, even if you do. A monkey's a monkey, and a man's a man."

Voliva also issues a challenge to the astronomers. There's more astronomy in the Bible, he says, than in any text-book ever written. He claims that the sun moves around the earth, that the earth stands still, it is flat and not round, and that Sir Isaac Newton's law of gravitation is the bunk, pure and simple.

LITTLE STILL MAKES \$144,000 FOR OWNER

(By International News Service)

CHICAGO, March 24.—Gaston Rogers, chemist, rented the entire second floor of a South Side building eight months ago, rigged up a fifty-gallon still and made moonshine. It was good stuff.

He refined it through charcoal to give it the proper color and his agent sold it for \$12 a gallon. Prohibition arrested Gaston recently. His profits for the eight months had been \$144,000, he declared.

ENDEAVORING TO SOLVE THE MYSTERY

(By International News Service)

SAN FRANCISCO, March 24.—Police today were endeavoring to solve the mystery of the disappearance of \$10,000 worth of jewelry belonging to Mrs. Agnes Shanley, divorced wife of F. P. Shanley, well known Pacific Coast hotel man. She reported to the police that she missed the jewelry after being taken ill at a downtown cafe.

STEPMOTHER WINS CUSTODY OF CHILDREN

(By International News Service)

CHICAGO, March 24.—The story of Cinderella doesn't always work out in real life. For the "cruel" stepmother made little party dresses for the children, took her savings and furnished an apartment for them, sent them to school, tucked them in nights and—So Judge Arnold, in the juvenile court here, decided that Mrs. Anna Falco, stepmother, should have the custody of her two little stepdaughters instead of their father, Alphonso Falco. A jury of men agreed with Judge Arnold. The Falcos were married six months ago.

SNAKE SKIN GLOVES

(By International News Service)

PARIS, March 24.—"Serpent" gloves made of the skin of a small python are now being worn by Parisiennes. On the back of the hand there are two small emeralds to imitate the serpent's eyes.

Hemp will hold up the hold-up men.

PLENTY SOVIET JOBS IN MOSCOW

Late Statistics Show That 25 Per Cent of Population of City Are Soviet Officials.

(By International News Service)

LONDON, March 24.—It takes five officials to oversee the work done by two others, according to a bunch of statistics issued in the Krasnaya Gazette—the official Bolshevik organ.

The Bolshevik Commissary Larin reports in the latest issue of the paper received here that of the 1,100,000 inhabitants left in Moscow no less than 25 per cent of them are Soviet officials, and with their families they constitute one-half of the population of Moscow.

These 250,000 officials have the assistance of 113,000 lady secretaries, so apparently a few of them are without clerical assistance.

After mentioning the fact that it takes five officials to supervise the work of two men, Commissary Larin states that he finds that the department with fewest controllers do the best work.

The Moscow office of the Ministry of Education employs 1620 persons and the Office of Fine Arts has 1613 people in its employ.

BUTCHER SHOP FIRE MADE FREE BARBECUE

(By International News Service)

CHICAGO, March 24.—West Madison street had an impromptu barbecue recently where fire did \$4000 damage to the butcher shop of Frank B. O'Hara. Pork loins, hams and sides of beef were done to a turn by the blaze and hundreds of spectators responded to O'Hara's invitation to "help themselves."

VOTE FOR CAPT. THOS. D. WATSON AND DR. HARRY V. BROWN Election Tomorrow, March 25th ALL VOTERS OF GLENDALE CITY

Vote at the High School, From 8 A. M. to 6 P. M.

CAPT. THOMAS D. WATSON

PROMINENT men and women interested in the civic and educational progress of Glendale are endorsing Captain Thos. D. Watson and Dr. Harry V. Brown as candidates for the office of high school trustees knowing they will carry out the will of the majority of the citizens. These men are capable, judicious, broad minded and energetic. They are unpledged to any individual or group of individuals. Those who know them best have the greatest confidence and trust in them and their ability to assist in administering in the affairs of so important an institution as the Glendale Union High School.

DR. HARRY V. BROWN

Those wanting autos to take them to the Polls call Phone given in your Precinct.
If this Phone should be busy call either Glendale 1129, 1422-J or 911-M.

CORPORATE SECURITIES ACT VIOLATION

While a number of persons have been convicted in California for violations of the Corporate Securities Act, otherwise known as the Blue Sky Law, the first conviction ever secured upon a complaint sworn to by an officer of the State Corporation Department has just been returned in Los Angeles when a jury in Judge Hauser's court found Emil Spitzer, former president of the Pacific Toy Company of Arizona, guilty of selling stock without a permit from the Commissioner of Corporations.

Spitzer sold 425 shares of the capital stock of Pacific Toy Company to P. H. Joyce at par, \$10 per share. Pacific Toy Company is an Arizona corporation. It had never applied for or obtained from the Commissioner of Corporations authority to sell its securities in this state and Spitzer had not been given permission to make such sales under a broker's or agent's license.

Spitzer contended that the stock which he sold was his personal property and that he had a right to market his private holdings without a permit. In the trial Deputy District Attorney Clark of Los Angeles, who prosecuted the case, maintained that it was the stock of the corporation which was sold by Spitzer.

In commenting upon this conviction Commissioner of Corporations E. C. Bellows today said:

"This is the first time that the Corporations Department has directed a prosecution against a violator of the Corporate Securities Act. Hitherto there has been some question among certain attorneys as to the constitutionality of the act and a few of them have displayed confidence in the idea that the Commissioner would not enforce it.

"This department will not dally with fly-by-night sellers of stock who attempt to make the State of California their dumping ground for worthless or unauthorized securities.

"There are many persons in this state who are continually preying upon the credulity of people who come into a little money and who, in seeking safe investments, are persuaded to purchase shares of stock in some company organized in some other state and which has not complied with the laws of the State of California.

"The Spitzer case was the first time this department has acted in court, but it will not be the last. There are several cases now pending and the department will give no quarter to the violators of California's Blue Sky Law."

"JOHN D." SPLITS WITH UNCLE SAM

The greater part of John D. Rockefeller's income for 1920 will probably go to the Government through the operation of the income and surtaxes, according to the Hackensack (New Jersey) Record. The Record roughly estimates Rockefeller's gross income for 1920 at \$43,000,000.

No one outside the Treasury Department, however, need take any great satisfaction in the situation," the Record continues.

"With all due regard for the use Mr. Rockefeller makes of his wealth, which is on the whole beneficial, it must be admitted that it is far better for 20,000 families to get \$2000 apiece, or for 10,000 to get \$4000 apiece, than for one family to get it all. It would be better socially.

"Also, provided the practice of stock investment were spread around along with the money, it would be far better economically. The 10,000 or 20,000 families, by pooling their savings, could provide capital for big undertakings just as Mr. Rockefeller does, only democratically, without any dangerous centralization of power.

"The tendency is in that direction now. The ownership of big corporations is diffused more widely among the people. Many great fortunes are piling up, but along with them is developing the system which will pull them down, through progressive income and inheritance taxes. It is not likely, therefore, that the next generation will have any Rockefellers."

The surest way for America to develop \$2000 incomes and to develop capitalists among its citizens is through saving and safe investment. That way is open to all. The only steps needed are to set aside a certain sum from each pay check and put it into safe, profitable, remunerative Government Savings Securities. These are on sale day in and day out at all postoffices and most banks.

RAIL COMMITTEE OF C. OF C. HAS MEETING

The railroad committee of the Chamber of Commerce of which E. P. Hayward is chairman, and Robert Plume secretary, had its first meeting since its appointment and organization, Tuesday evening.

The first matter discussed was the advisability of securing if possible an underground crossing where the Southern Pacific tracks cross Brand boulevard. The committee was in agreement in regard to the need of such provision as a matter of safety to the traveling public, and it will be taken up with representatives of the railroad.

Another matter considered, which will be suggested to Pacific Electric officials, is the need for a shelter station at the intersection of the Glendale and Burbank lines, where employees of industrial plants have to wait to take cars.

The example of the helpful hen may well be studied by followers of the industries these days. Although the price of eggs has fallen 24 cents a dozen in the last two weeks, she goes right on producing just the same. —Lawrence (Kan.) Journal-World.

TREE SURGEONS WORK ON HISTORIC SYCAMORE

The Forest Lawn Memorial Park Association has this week employed Bert Montgomery of the national organization, Freeman, Myers and Co., specialists in the care of trees, who have representatives all over the country. His services were invoked for the sycamore tree at the left hand of the park entrance just beyond the office. This tree, it appears, is an historical landmark which has figured in many an instrument from days before the American occupation when Mexico had territorial jurisdiction. Its estimated age is 500 years, and if it could tell of the things it has witnessed it would make a moving picture that would require many reels. These tree surgeons cut away the dead wood, paint for protection against the weather, reinforce frail trunks and limbs and resort to a variety of devices to prolong the life of veteran trees.

Someone has said that there is too much "sex" in the movies. There is too much "sex" in all walks of life, and still we don't know what to do with it—or "them." —Lake City (Minn.) Graphic-Republican.

MICKIE SAYS:

DEVICE FOR WIRELESS TELEPHONE MESSAGES

(By International News Service)

LOS ANGELES, March 24.—What is claimed by its designer to mark a revolutionary step in wireless communication has been perfected here by George M. Knight, a radio engineer, in a selective apparatus which he uses on a wireless telephone of his own invention.

Knight declares he can send or receive messages "positively without interference, no matter if the instrument used be a device employing spark, arc or voice."

"The success of my device is all due to what is known as tuning. My device calls for all magnetic circuits, there being no capacity coupling or inductive coupling. It is foreign to all other circuit using devices in that no condensers are used."

Knight says that he has made some remarkable demonstrations with his wireless telephone in working with stations in Southern California and out to ships in the Pacific.

He served with the 108th Engineers in the American forces in France. He was badly injured in an airplane accident and for 14 months was confined in various hospitals in the United States, after being brought back from France.

BIRTHDAY DINNER FOR ROBERT AYARS

Mr. and Mrs. Frank Ayars of 315 North Orange street gave a dinner Tuesday evening, in celebration of the 12th birthday of their son Robert, at which several of his chums were entertained. A pink and yellow color scheme was carried out in floral decoration and appointments with suggestions of Easter in the shape of candy bunnies and eggs. The 12 boys for whom covers were laid were Ralph Eckles, Eugene Wernette, Gilbert Eckles, Douglas White, Gordon White, Dewey McCourt, James Frey, James Price, Glen Cunningham, Bill Joe Coffey, Warren Rigdon and Robert Ayars. Following the dinner which was served at 6 o'clock, the boys had a jolly evening of games and music.

TRAFFIC COPS OF ALL KINDS AND STYLES

(By International News Service)

WASHINGTON, March 24.—"Which is the most cosmopolitan city in the world?" American Red Cross workers and American tourists who have been there will heatedly assert that Constantinople wins first prize and will produce one of the most emphatic arguments to substantiate their statements—the traffic cop.

If the traffic laws of the city were rigorous the entire population, native, tourist and refugee would be in jail, for the native gendarmes are being assisted by American, French, English, Italian, Greek and Rumanian soldiers and sailors, each wearing their own uniform and shouting orders in their own language.

At one corner the bewildered pedestrian will be directed by an Italian policeman wearing a swallow-tail coat, a red hat and white gloves. At the next an English "Tommy" demonstrating "English as she should be spoke," will tell the traffic when to move and when to stop. At the next, he may find an American sailor, his white hat tipped at the approved angle, waving his arms to the oncoming traffic in the latest fashion decreed by Broadway.

The Greeks in their short skirts and the French colonial with his baggy trousers add to the picturesqueness of the scene if not to its simplicity.

Americans are convinced that a six blocks' walk will convince any skeptic of Constantinople's right to the title "most cosmopolitan city."

SPEED UP AGAIN ON PERMITS

Wednesday was an off day in building, but yesterday more than makes up for the slight defection. Those issued since Wednesday night are:

Claude Harness, 7 rooms, 514	
North Glendale	\$5260
Edwards, Wilkey and Dixon Co.,	
5 rooms, 522 North Jackson	4000
Hugh F. Showalter, 8 rooms, 636	
Orange Grove	3600
Jas. F. Winnard, 2 permits, each	
for 5 rooms and garage, at 457	
and 459 Riverdale	6000
A. F. Archer, 5 rooms, 1330 South	
San Fernando road	2924
Mrs. M. Rosp. addition to resi-	
dence at 1118 East Garfield	400
W. L. Truitt, addition to brick	
business building at 212-214	
South Brand	250

The total at 1 p. m., Wednesday, was 127 permits issued for a total valuation of \$331,962, an average of over \$17,000 a day. If this ratio keeps up the remainder of the month the total will be \$450,000. The year's record so far is \$673,423.

W. L. Truitt bought the Simmons building at 212-214 South Brand, to which he is building a rear addition, about a month ago.

THIEVES SMASH JEWELER'S WINDOW

(By International News Service)
CHICAGO, March 24.—Thieves smashed the windows of Lebolt and Company, jewelers, in the heart of the downtown district early today and escaped with between \$5000 and \$10,000 in jewelry. The robbery occurred in the early morning hours when the street was in comparative quiet.

The old man of the sea was probably a battle fleet in disguise.

HOW BUSINESS SECTION GROWS

New Store Buildings Rise
Constantly, But Demand
Is Still Great

Glendale is more than keeping up its record of being the fastest growing residence city of its size in the world. With permits calling for more than three million dollars' worth of residences, additions to or remodeling of residences, new garages and business houses last year and probably three-quarters of a million dollars' worth the first three months of this year, the outlook is certainly bright.

At the present time there are in process of construction, in the very heart of the business section of Glendale nearly \$75,000 worth of business buildings, if we include the remodeling of the L. A. Trust and Savings bank's large structure. There are these San Seelig building, P. W. Parker's three-store building, and the Edwards & Wilkey Co.'s office addition on North Brand; the store building at 219, the addition to 212, 214 and Wishard's big garage at 231-33, on South Brand; the Hedley four-store building, Cole & Damerell's two-store structure on West Broadway, the Daniels, Borthick & Baty large business house on East Broadway.

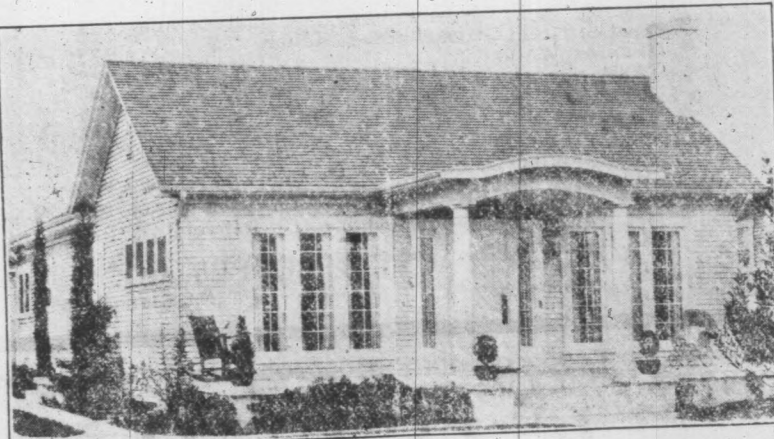

Now if we could only announce that some public-spirited man or company was getting ready to put up a \$100,000 hotel in the business part of the city and another up in the foothill region, we'd certainly be content. And that is bound to come soon, be assured.

(Building News Continued on Page 7)

One might overlook a lot of the temptations if the reformers didn't call attention to them.

Criminals No Longer Fear Electric Chair, Says Warden

Life In This Day and Age Is a Cheap Gamble With the Odds All In Favor of the Murderer—New Spirit of Bravado Exhibited

By THOMAS WRIGLEY,
International News Service Staff Correspondent.

OSSINING, March 24.—One hundred and eighty have gone the way of "the chair" in Sing Sing prison. Last year seventeen walked the march of death through the "little green door." In the first two months of this year three more have paid the extreme penalty, and March was ushered in with another electrocution.

With the announcement of these figures, given in an interview to the International News Service recently, Warden Lewis E. Lawes stated that fear of electrocution no longer exists in the criminal mind.

"Electrocution as at present carried out does not keep down the number of murders," he said in discussing the recent crime wave which has swept the country and has been attended by many wanton killings.

The list of murders has grown appallingly all over the country. Most of them have been committed, not for some great or "ancient wrong, but in connection with hold-ups and petty robberies, the taking of life literally for a song. Warden Lawes stated that possibly this is due to an after-the-war condition. Certain it is that life is held cheaply now and to many of criminal instincts life is a cheap gamble and the electric chair is no longer a spectre to deter them from capital crimes.

Odds With Murderer.

"The odds are all with the murderer in this gamble," said Warden Lawes. "The percentage of those actually executed is so small compared to the number of murders committed that capital punishment fails as a deterrent.

"Here is another astounding fact," said Warden Lawes. "The majority of men who now occupy the death house have not been previously confined in prison." Life, indeed, has become a steep gamble.

In fact, there now exists a spirit of bravado such as never before has been manifest. A typical instance of this was shown not so long ago when five condemned men were put to death at Sing Sing in a space of little over an hour, passing one after the other into the death chamber.

New Spirit of Bravado.

"Give her the gas—turn on the juice," said one of the men as he was strapped into the chair.

At Sing Sing, where all electrocutions for New York State are now carried out, the toll of lives in exacting the extreme penalty is higher than in any other prison in the country because of the large State population. But in many of the thirty States which have capital punishment the stout oaken chair with its electrodes and straps has worked overtime in recent months. And in all of them electrocutions are carried out in practically the same manner.

No "New Improvements."

Science has made wonderful progress in recent years in prolonging life, new serums and anti-toxins have been discovered and surgery has advanced to a marked degree, but the method of taking life remains the same.

"Electrocution was introduced in this state nearly thirty years ago," said Warden Lawes, "but the chair today is the same as it has always been. Except for the amount of current used and the length of the contact, there has been no change. In former years 1500 volts were used. Today 2000 volts are used and better results are obtained."

Asked as to whether he did not think that in time science will bring forth some radically new and different method of carrying out the mandate of capital punishment, Warden Lawes replied that he did not believe any change would be made. "If capital punishment is necessary," he said, "electrocution is both effective and humane as to method."

All Use Same Method.

"All prisons are using practically the same methods. From the time the contact is given until pronounced dead by the physician, the average is eight minutes. The first contact is for a period of one minute and fifteen seconds. The second is usually for five seconds. From the time the first contact is applied, the man is entirely unconscious. Care is taken to prevent burning and defacement, else the execution could be accomplished more quickly.

"Let me say, however," said Warden Lawes, "that to those in charge of carrying out the mandate of capital punishment it is indeed a most disagreeable duty. To those who must enforce the law it is one topic usually avoided.

"I believe that in time capital punishment will be abolished."

The Christian nations are those in which there is sale for anti-fat nostrums while a large part of the world is starving.

NO COURT RECESS TO USE POWDER

(By International News Service)
LONDON, March 24.—No special concessions for the application of complexion aids are to be granted to British women jurors as in the case of a woman jury in Iowa, when the judge solemnly announced that time would be given for the women to powder their faces during the sitting.

A law official said that such concessions were quite unnecessary.

"In the first place, the women chosen are not of the powder puff and rouge stick type. When flappers are chosen for juries it will be time enough to think of 'powder puff' intervals.

"This would not be granted, however. All these matters could be seen to out of court. Besides, the light in most courts is of the kind that conceals shiny noses."

NOT YET READY TO COMMIT HIMSELF

WASHINGTON, March 24.—President Harding is in favor of disarmament measures, but is not ready to decide that the United States shall take the initiative by lessening its armaments, he today told a delegation from the "Society of Friends of Philadelphia," which called upon him to urge that he take steps to lead the world in disarmament.

The delegation was headed by George M. Warner and Wm. B. Harvey and members stated that the President received their plea sympathetically and stated he would be glad if this nation could lead in disarmament, but said he was not ready to commit himself to a disarmament plan yet. The President stated that he now believes that this government cannot afford to be ten ships behind any government in naval strength.

REDUCE RANKS OF JOBLESS SOLDIERS

Army of Over 500,000 Ex-Service Men Out of Work Now Cut to 400,000

(By International News Service)
NEW YORK, March 24.—From a "peak" of more than half a million jobless ex-service men in the United States shortly after the first of the year, the unemployment situation as it affects veterans of the world war appears to have taken a turn for the better, according to a survey of the national situation made for the American Legion by the organization's official publication, the American Legion Weekly. Based on "the best information obtainable," the number of unemployed veterans on March 1 was placed at 400,000, with "promise of further improvement."

A chain of employment agencies operated by the Legion in every state has done much to relieve the situation in various ways, according to Legion officials. The Legion has been instrumental in obtaining work for veterans without employment, in discouraging the migration of jobless men toward the great industrial centers and encouraging a movement from cities to the farms, and in insisting that workers who left their jobs to go to war should enjoy seniority rights on par with those of military age who stayed at home.

Ex-Service Men Suffer

Ex-service men have suffered more in proportion to their numbers than other workers, according to the Legion's survey, because of the operation of seniority rules and efficiency standards. Nearly a year is required for the returned veteran to get back to his old stride in industry, according to the testimony of large employers of labor. Another thing that has handicapped the ex-soldier is his restlessness and nomadic tendencies, both products of the strain and circumstances of war service.

Reopening of factories and mills in the textile regions of New England and in the mining and industrial centers of Pennsylvania leads observers in those parts to believe the worst is past, according to the Legion's survey. The automobile centers of Detroit, Cleveland and Indianapolis report a slight improvement of conditions. In Chicago conditions are stationary, it is said.

Back to Farm Movement

Throughout the agricultural middle west a general movement from the cities and towns to the farms is reported. The average ex-soldier had little taste for agriculture when he came back from the war. It was hard to keep 'em down on the farm after they had seen Paree. He chose to work in the small factories or stores in the neighboring county seat, where, during 1919, jobs were plenty and wages high. When those jobs began to go there was at first an exodus toward the larger cities. The Legion strove to discourage this. That movement has about spent itself and farmers throughout the west now report little difficulty in getting help, and except in the larger cities there are few able-bodied ex-service men reported out of work in the middle west.

The south reports improvement. Dixie has been burdened with a larger quota of winter floaters than usual this year, according to reports. Some are now finding farm work in the south, others are drifting north, largely to settle on farms.

The Pacific coast, a land where there are the three great seasonal occupations of fishing, lumbering and fruit raising, has been able to decrease the number of jobless veterans by half in two months, according to advices from there. In Washington state there were 7000 unemployed veterans on January 1 and 2000 on February 1.

BIG DEMAND FOR STORE BUILDINGS

The walls of the three-store building for Phillip Parker, which is being constructed on North Brand between Wilson and California, are nearly finished and the roof will be on today or tomorrow. It is expected that the building will be completed for occupancy about April 15.

Mr. Betz, of Daniels & Betz, who have the contract for the Parker building, said when asked if there is danger of overbuilding houses of business: "No, I think not. Every day we are asked by people who are coming into Glendale looking for locations when these stores will be ready. The store building Mr. Daniels and I erected on a portion of the land formerly occupied by the Bentley-Schoeneman Lumber Company on Broadway, was rented before it was finished at a good figure. The general public does not realize at what a rate Glendale is growing in a business way as well as in residences. Of course the reputation of the city for growth has helped to advertise it and the merchants have also been helped by the telephone toll, which cut off a lot of buying in Los Angeles and thus kept the trade at home."

Mr. Betz acknowledged that he had the contract for the brick work in the four-store building to be built by Mr. Headley on Orange and Broadway, on the ground vacated by the Horseshoe Club. While only one story is planned at present, it will be built heavy enough to sustain two stories when needed. It will cost in the neighborhood of \$10,000.

Mr. Betz says the same policy has been followed in the structure which Cole & Damerell are erecting at 113 West Broadway. This also will be but one store at present, but is built with an additional story in view when needed. Betz & Daniels have the brick work contract for that.

Again referring to the failure of the public to realize the growth now taking place in our city, Mr. Betz said: "Only a builder who has been watching the development of a town can appreciate what it means to have about eight business blocks on Brand and Broadway either in process of construction or about to be begun."

The next small job that he and his business associate will undertake will be the construction of an addition to the building occupied by the Glendale Press to make room for the big new press soon to arrive.

Buy your phonograph and receive 24 selections of music—your own choice—at Shu-Bar Music Shop's great sale. Come in this evening and get a musical treat. 712 East Broadway.—Advertisement.

NEW RESIDENTS COME TO GLENDALE

The house at 318 North Jackson Street belonging to Mrs. Clara June-man, who is employed at the County Hospital, has recently been sold to Mrs. Wright, who recently came to Glendale from the East. Mrs. Wright expects to thoroughly remodel it and occupy it as a home.

W. G. Clark last week sold Lot 48 on Patterson near Central, to a Los Angeles buyer who will improve it with a good residence in the near future.

Play while you pay. Great savings for a few days and unusually easy terms at Shu-Bar Music Shop's sale for a few days only. Come down this evening. 712 East Broadway.—Advertisement.

ANCIENT ORDER OF UNITED WORKMEN

Glendale Lodge No. 2, Ancient Order of United Workmen, was organized last evening with more than the requisite number of charter members, and with a spirit of earnest enthusiasm that augurs well for the growth and usefulness of the new lodge.

The meeting was held in the hall at the corner of Brand boulevard and Park avenue. State Organizer E. T. Lyle conducted the ceremony of organization and installed the following officers: Past Master Workman, Joseph V. Griffin; Foreman, Ernest D. Morgan; Overseer, George Meyer; Recorder and Financier, Helen E. M. McBryde; Treasurer, H. M. Calkins; Guide, Ralph Meyer; Trustees, J. R. McBryde, James M. Rhoades, Dr. C. W. Taylor; Medical Examiner, Dr. C. W. Taylor.

The next meeting will be held on April 6, at which time a regular meeting night will be decided upon.

Refreshments and a social session were features of last evening's meeting.

Germany may be down, but she is never out of excuses.

'ECHO' APPROPRIATE NAME OF SERVICE

An "Echo" meeting is the appropriate name given to the service to be held next Sunday evening at the Tropic Presbyterian Church.

The significance of the name lies in the fact that the service will be an "echo" of the convention held last week at Whittier; young people of the Tropic Presbyterian Church who attended this convention will give interesting talks on their impressions and the benefits they derived from the various conferences.

Miss Helena Richardson will have charge of the service and several musical selections consonant with the Easter spirit of the day will be given.

TENNESSEANS PICNIC AT EXPOSITION

A party of Tennesseans, most of whom are now Glendale residents, enjoyed a picnic at Exposition park, Los Angeles, yesterday.

Large hampers of goodies which they carried with them insured the gastronomic success of the day, and California sunshine and the congenial spirit of old acquaintanceship assured "a feast of reason and a flow of soul."

All the participants in the pleasures of the occasion were from the same home town, Ridgely, Tenn., and among them were Mr. and Mrs. John Mathis, Mr. and Mrs. Hearn Robinson, Mrs. W. W. Alexander, Mrs. S. M. Miller, Mrs. Jesse Jones, Mrs. Norman Hatcher, Misses Nora Grey, Doris Alexander, Juanita Alexander, Geraldine Robinson and Masters Ted-die Robinson and Orbey Hatcher.

Mrs. Jones is the houseguest of Mr. and Mrs. Mathis and Miss Grey is a guest in the Alexander home; all the rest of the party are now Glendale residents.

TICKETS MAY BE HAD AT BOTTS' BOOKSTORE

Members of the Tuesday Afternoon Club are reminded that tickets for the club luncheon may be had at Botts' bookstore up to Friday night.

This luncheon is given for members, Tuesday, March 29, at 12:30, in the Masonic Temple, for the purpose of discussing the advisability of beginning the building of the club house this year.

As it is a vital matter, the president, Mrs. C. E. Hutchinson, and the board of directors hope that as many members as can possibly do so, will attend. The hospitality committee are hostesses of the occasion.

THE "CRUCIFIXION" IS FINELY RENDERED

The first public rendition of the oratorio "The Crucifixion" (Stainer), which took place at the Congregational Church Wednesday evening, filled with pride the director, D. Ripley Jackson, and greatly delighted the appreciative audience gathered for the musical treat, which was followed with close attention and drew much spontaneous applause. The solo work was beyond praise, the double quartette numbers splendid examples of finished harmonious work, and the chorus exceedingly creditable. There will probably be an even larger audience at the next presentation of this oratorio, which will take place in St. Mark's Church, Friday evening, and which will be supplemented by the fine organ accompaniment possible in that church.

Liberty bonds accepted at 5 per cent above face value regardless of the great reductions on musical instruments at Shu-Bar Music Shop for a few days only. 712 East Broadway.—Advertisement.

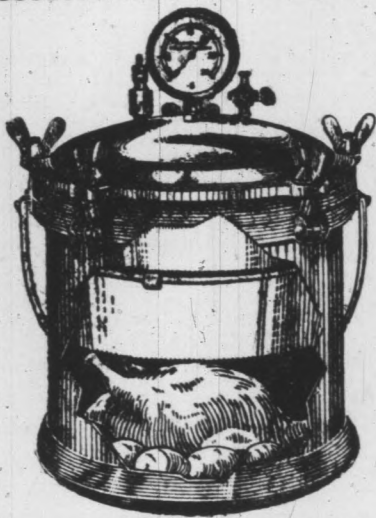

NIGHT PATROL DOES GOOD WORK

Officer Ira J. Herbert of the Glendale Patrol and Fire Dispatch, in making his rounds last evening, found, back of the Glendale Music Company's place a \$250 phonograph, crated for shipment. He at once notified the proprietors and the valuable piece of merchandise was taken inside.

Mr. Herbert says he frequently finds back or front doors of stores unlocked or a window left raised, giving burglars easy access to interiors.

The Patrol and Fire Dispatch is working on several clues left by the burglars who entered Dave Carney's store, and strong hopes of landing them soon are entertained. They have a standing reward for the arrest and conviction of the miscreants.

A small deposit secures any instrument on Shu-Bar Music Shop's present sale. Two years or more to pay. Open evenings. 712 East Broadway.—Advertisement.

For Sale—Real Estate

FOR SALE.
Five acres of natural park in the foothills; a most beautiful home site, located about 7 miles northwest of Pasadena, about 5 miles north of Glendale, having a frontage of 783 feet on Honolulu avenue, in that beautiful valley of La Crescenta-Canada, 3 miles west of Flintridge.

There is a magnificent growth of live oaks, sycamores, willows and cottonwood trees, mostly oaks of good size. There is about 1 1/2 acres with very few trees, suitable for planting to garden stuff, fruit trees, etc. There is a magnificent house site about the center of this property, surrounded by beautiful trees.

There is a most wonderful Japanese swimming pool on the property. This 5-acre tract is one of the few properties of its kind near Los Angeles. It has an elevation of about 1500 feet.

It has been laid out as a park, with winding drives, walks, etc. The soil is a decomposed granite, rich with leaf mold and decomposed vegetation.

The climatic conditions in this section are exceptionally good, being cooler in summer and warmer in winter than the average foothill or canyon property near Los Angeles due to the elevation, there is little or no frost in this section. The surrounding foothills protect this property from hard winds.

An exceptionally beautiful view of the Sierra Madre range.
BURTON & CHANDLER, 133 S. Brand. Glendale 2230.
